

DUE MAY 11th

# Grade Six Tobacco Calendar Contest

100pts

## DANGERS OF SMOKING AND THE USE OF E-CIGS (VAPING)

1. Just like the tobacco companies have not been telling us the truth about cigarettes, they now are not telling us the truth about e-cigarettes. In Oct. 2017 the federal court ordered the major U.S. tobacco companies to publish a "corrective statement" advertisement telling the American people the truth about their deadly and addictive products. It took years for people to realize the dangers of tobacco. Now, we are faced with the dangers of using e-cigarettes (battery operated devices people use to inhale nicotine.) New research has found electronic cigarettes to contain even 10 times more cancer causing ingredients than the tobacco products they are suppose to save us from.....There are NO warning labels on e-cigs!

30pts CREATIVE

30pts COLORFUL

20pts LEGIBLE

2. Big tobacco has been fighting putting images on their packages of cigarettes for their WARNING LABELS like other countries do. The U.S. only has a brief message on the side of the pack which is hard to see.

20pts-INSTRUCTION

100pts

**\*\*WHAT WARNING LABEL SHOULD THE U.S. PUT ON THE E-CIGARETTES and CIGARETTE PACKAGES**  
CHOOSE either topic 1 or 2 to design your calendar poster.

You are to design a page for our 2019 Calendar.

**CONTEST RULES: BE CREATIVE, COLORFUL and LEGIBLE** (Make your warning stand out)

1. Use a white piece of paper 8 x 11

\* 2. Make sure your name, teachers name and cluster is written on the back.

3. Thirteen prizes will be awarded in June, and winners will receive a calendar when it gets printed.
